Description

"New Mystery Machine" - Porsche 917K, prototype 24h of Le Mans; electric and with "Bump'N Go" system; rare example, manufactured in Taiwan in 1971; produced in metal and plastic, has few scratches and very vibrant colors; about 25cm long; slight repair to the plastic part of the tightening screws on the front, which in no way affects the integrity and solidity of the toy; in very good condition, tested and working correctly; with lots of official advertising.
